

TRIPLE HELIX VII

7th Biennial International Conference
on University, Industry & Government Linkages

Glasgow : Scotland : UK : 17-19 June 2009

CALL FOR PAPERS

*The Role of Triple Helix in the Global Agenda for
Innovation, Competitiveness and Sustainability*

The Triple Helix network of University-Industry-Government (U-I-G) interactive relations is gaining increasing recognition in policy, academic and industrial circles as a dynamic institutional basis for wealth creation and sustainable development through the generation of knowledge and its effective application. Given that considerable knowledge and experience is being accumulated around the world on U-I-G interactions, Triple Helix VII will provide a platform for state-of-the-art presentations, knowledge exchange, and for discussion of the social, economic and environmental implications.

KEY THEMES

- Analytical models for Triple Helix
- Innovation systems
- Triple Helix as a basis for innovation capacity building
- R&D priorities
- IP rights, knowledge, and exchange system
- Third mission of universities
- Global agenda for sustainable development
- Competitiveness and regional development

PROGRAMME DEADLINES

Opening Date for Abstract Submission	15 July 2008
Closing Date for Abstract Submission	14 November 2008
Notification of Acceptance	16 January 2009
Full Paper/Workshop Paper Due	17 April 2009
Poster Extended Abstracts Due	17 April 2009
